

SURFACE PROTECTANT + DELIVERY SOLUTION

*Long-Lasting Protection, Non-Toxic, Dries Clear,
Easy Application & No Fumes & Fragrance Free*

CerarMist Surface Guard is made of specially refined minerals, that when dried on target surfaces become antimicrobial, creating an “invisible” mineral barrier that contains **NO active chemical ingredients.**

READY TO USE

NET 1 Gallon (128 US Fluid Ounces)

Directions for Use:

DO NOT DILUTE. CERARMIST SURFACE GUARD is suspended in a liquid delivery solution which is not meant to be used as a liquid disinfectant; solution is for carrier purposes only and product becomes effective after the dry barrier is bonded in place. Proper surface preparation is required for optimal product performance.

Remove gross filth or heavy soil prior to application. Surface Guard is applied using a hand pump trigger sprayer, low pressure coarse sprayer or electrostatic sprayer. Hold sprayer six to eight inches from the surface to be treated. Spray area until it is thoroughly covered with the product, but not to the point of dripping. Allow surface to air dry or wipe dry with a clean, dry cloth.

Safe for use on painted or unpainted walls, ceilings, woodwork, doors, plaster, sheetrock, concrete, stainless steel, plastic, porcelain, counters and all other interior surfaces not harmed by water. Test in inconspicuous area first.

Coverage: 1-gallon coats up to 2500 sq ft of non-porous surface area. Actual coverage may vary based on surface porosity. Undisturbed coating will remain in place for up to 30 days. Reapply sooner if surface has been abraded or exposed to heavy smoke or debris.

Ingredients:

Inert Mineral Blend	0.16%
Other Ingredients	99.84%
Total	100.00%

Dry barrier is 100% silicate mineral

PRECAUTIONARY STATEMENTS

CAUTION

Hazard to Humans and Domestic Animals. Causes moderate eye irritation. Avoid contact with eyes. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or tobacco.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

STORAGE AND DISPOSAL: Store in area not accessible to children and person unfamiliar with product use. Store out of direct sunlight. Do not allow product to freeze. Once opened, product can be stored for up to 12 months. Do not reuse this container for any other purpose. Use standard industry practices for cleaning refillable containers before reuse or disposal. Offer for recycling if available.
